## INTRODUCTION

**We Supply Company Limited** is one of the leading material supplying and product sourcing company in the Eastern Province of the Kingdom of Saudi Arabia. Utilizing the experiences gained from the services in Petrochemical Industries, our professionals understand the necessity of our Customers instantly and are thereby capable to work as a team to attain the objectives and set goals. We are focused in serving our Customers in various areas, like Material Outsourcing & Supplies, Industrial Services, Support in Engineering & Construction activities etc.

### **WE SUPPLY to ensure Sustainability & Success for our Customers**

Although relatively young, our successes are built on a strong culture that cares for our Employees and Customers first. We have excellent teams, who are separately dedicated for normal and project activities. Our selective partners, who are experts in their domain are our assets too, supporting us in leveraging the benefits of their experiences in delivering qualitative and competitive models. We are known for our ability to establish professional working relationships, resulting in developing a joint task force with our clients to deliver the projects in the limit of all project constraints (Time-Cost-Quality).

Our track records seconded by our Customers are our credentials of our success story.

## OUR VISION

We Supply endorses a partnership approach in becoming a leading Trading & Services Company in the Kingdom of Saudi Arabia, while promoting sustainable and economic growth gained through the ultimate use of professional expertise in an ethical and balanced manner.

## OUR MISSION

Our mission is to remain as the first choice of the customers by sourcing and supplying the best, branded and quality products and materials. We also aimed to remain as the leader in this industry by executing our business ethically.

## WE ARE ORGANIZED

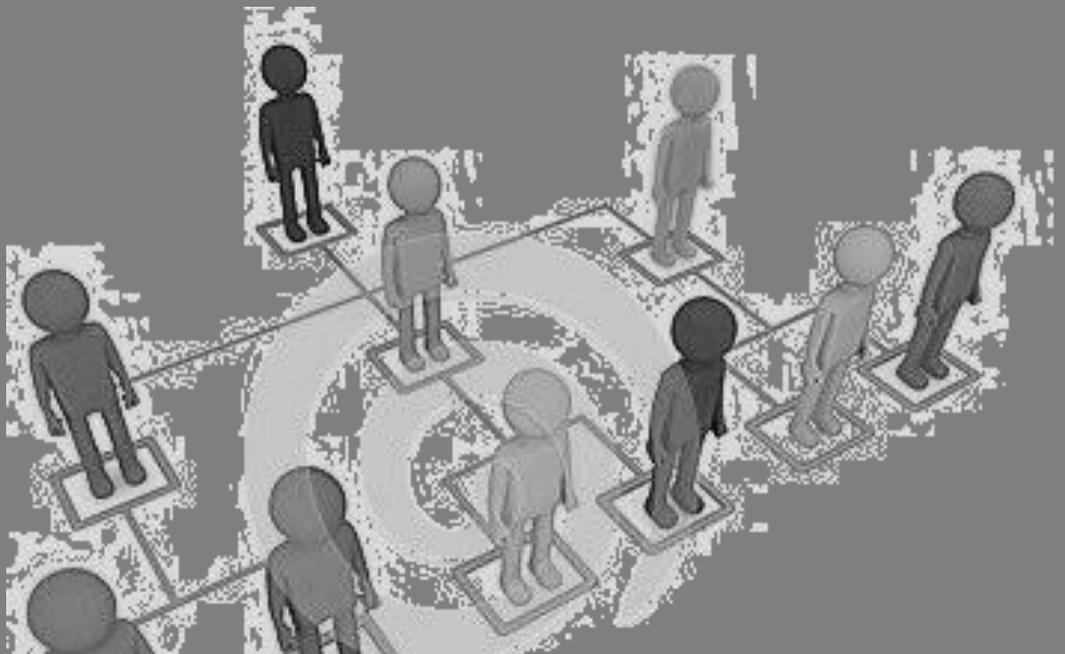

Our team consists of Managing Director, who is supported by a respective discipline / category Heads.

The key disciplines/categories are Mechanical, Electrical, Contracting & Logistics. Customers are directly handled by these groups for all kinds of services and requirements.

Other major disciplines such as Business Development, Finance & Administration supports the key business realization and successful completion of the projects, from background.

We believe,

“Right people in right place is Organization”

## SAFETY POLICY

We supply shall be always committed to Safety by promoting a Safety culture amongst its staffs and sub contractors by implementing an effective environment, health and safety management system monitored periodically through matrices.

Our employees are instructed to adhere to the safety rules and regulations at the customer premises introduced by the customers.

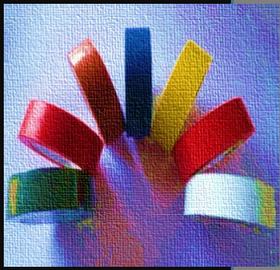

“Safety Comes first – Its our top priority”

## QUALITY POLICY

The management and the staffs working in We Supply strive to provide, maintain and deliver quality services & materials to our Customers satisfaction showcasing highest commitment and dedication.

“Compromising Quality is denied Safety”

## MATERIALS SUPPLY
